SUMMARY

I am a motivated and detail-oriented recent graduate with a strong foundation in software development and problem-solving. I am passionate about leveraging technology to create efficient and innovative solutions. I excel in collaborating within teams and am always eager to adapt to new challenges while staying updated with industry trends. I am seeking opportunities to contribute to impactful projects and grow within a dynamic organization in the software industry.

EXPERIENCE

Volunteer

Center for Extension Activities, KI University

📍 KL University, Andhra Pradesh, India

An organization dedicated to social services like donating clothes and food to the elderly and those in need.
